Advent

Immanuel...

The 'withness' of God...

Jesus shows us the Father
He is the God of peace

Reflect...

- where do we see, or have seen, God's peace in our world and lives?
- where do we need to let God come with his peace in our lives? How do we become more aware of his withness?
- Peace is not just a feeling, nor is it the absence of conflict or stress, but it is our promised reality, our inheritance – see John 14:27
- Consider those things that seek to steal our peace in this season and prayerfully consider how we remain in His perfect peace.
- How can we be carriers of shalom to those around us?
